

44. Additionally, as discussed above, although a confidential informant has provided information concerning the instant investigation and targets thereof, at this time there is a limit to what objectives can be accomplished as a result of receiving this information. That is, the CI does not have knowledge or information relating to the full extent of the illegal activities described in this affidavit and cannot gain such information based on the CI's relationships with the subjects without arousing suspicion. Further, he is limited to meeting with people designated by Calvo and only regarding agendas set by Calvo.

45. Wherefore, I respectfully request that the Eavesdropping Warrant for the Calvo cell phone be granted in the form annexed.

Re: *United States v. Agate, et. al* 08 Cr. 76 (JBW)

Dear Mr. Lipton:

This letter is submitted jointly on behalf of Gino Cracolici, Anthony, Licata, and William Scotto to request discovery and particulars, pursuant to Fed. R. Crim. P. 7, 12 and 16, Local Rule 16.1, *Brady v. Maryland*, 373 U.S. 83 (1963), and its progeny, in lieu of a formal motion that might unnecessarily burden the Court. If we disagree as to whether we are entitled to particular items, we can ask the Court to intervene.

DEFINITIONS AND INSTRUCTIONS

The materials we seek are reasonable and necessary to prepare our defense. They include items in the possession, custody or control of the United States Attorney and other government agencies – federal, state, city and local – or within their access or control. If the government does not have a requested item, please state that the item does not exist or is not within its possession. If the government knows that a requested item exists but does not have it in its possession, please disclose the item's whereabouts. As used here, the term "document" means any tangible thing that (1) contains, reflects, is capable of reproducing or of having reproduced from it – either visually or orally – language, numbers or pictures, and (2) relates or refers, in any manner, to the allegations of the Indictment and the matters it describes. With these parameters in mind, please furnish the following:

RULE 16 AND OTHER PRETRIAL MATERIALS

1. To the extent not already provided, please permit the defense to inspect, copy and photograph any written or recorded statements made by defendants,¹ their agents, or

¹ As used herein the terms "defendant" and "defendants" shall be read to apply to either the singular or the plural as necessary to give the fullest effect to these requests.

alleged coconspirators – including copies and records containing their substance – that are (a) within the government’s possession, custody or control and (b) known, or through the exercise of due diligence should be known, to government counsel. In this regard, we specifically request that government counsel inquire of all law enforcement personnel known to have participated in the investigation and indictment of this case, as well as potential prosecution witnesses and others who gave the government information (identifying those personnel, witnesses, or others), whether they know of any written or recorded statements by defendants and, if so, to make them available promptly.

2. In addition, kindly provide the substance of any oral statement by defendants, their agents or alleged coconspirators to be offered at trial. In complying with this request, please make a conscientious effort to determine whether anyone acting on the government’s behalf knows of any other oral statements purportedly made by defendants, any agent, or alleged coconspirator.
 3. Defendants request permission to inspect, copy and photograph all books, news articles, papers, documents, pictures, tangible objects, buildings, places or copies of portions thereof, which are (a) within the government’s possession, custody or control, (b) known, or with the exercise of due diligence should be known, to government counsel, and which are (c) material to preparing the defense, (d) intended for use as evidence-in-chief, or (e) were obtained from or belong to defendants. This request includes documents in the possession of cooperating witnesses. It also includes all documents that will be relied on or referred to in the government’s case-in-chief, not just those that will be marked or offered as evidence. In short, this request is coextensive with Fed. R. Crim. P. 16.
 4. Defendants also seeks to inspect, copy and photograph any results or reports of physical or mental examinations, scientific tests or experiments or copies thereof, which are (a) within the government’s possession, custody or control, (b) known or reasonably may become known to government counsel and (c) material to preparing our defense or intended for use as evidence-in-chief. This request includes not only reports and similar documents to be offered as evidence, but also all such documents that are “material to the preparation of the defense.” See Fed. R. Crim. P. 16. If the government has or acquires reports or similar documents that it does not intend to offer, please seek a court ruling, *ex parte* if necessary, to determine whether they are discoverable as “material to the preparation of the defense.”
 5. Defendants request an opportunity to inspect and copy all records, statements, interview notes, tape recordings, alleged admissions or confessions – signed or unsigned, oral or written – attributed to or taken from defendants or alleged coconspirators, which are (a) within the government’s possession, custody or control and (b) known, or with the exercise of due diligence should be known, to government counsel.
 6. Please designate, by name and address, the witnesses the government intends to call at trial, including any “experts” within the meaning of the Federal Rules of Evidence. In addition, please disclose any reports, studies or other data upon which such “expert(s)”

will rely. Finally, please identify, by name and address, any witnesses whom the government does not intend to call but believes to have knowledge or information regarding the charges.

7. Kindly provide a written summary of any testimony-in-chief to be offered under Fed. R. Evid. 702-05. This summary should describe the witnesses' qualifications and opinions, along with the bases and reasons for them.
8. With respect to each prospective government witness and immediate family members, specify any criminal charges or tax proceedings that (a) could be brought by the government or other law enforcement or self-regulatory agency, but (b) have not been or may not be brought, or (c) the witness believes will not or may not be brought, because s/he is cooperating or has cooperated with the government or for any other reason. Include copies of all memoranda of understanding between the government and its witnesses, whether by way of letter from the witness's attorney or otherwise.
9. Kindly list the exhibits the government intends to use at trial, supplementing it as necessary.
10. Please produce all documents and other evidence reflecting drug and alcohol use, abuse or dependency by any prospective government witness. This request includes records reflecting treatment in any federal, state, city, military or private drug or detoxification program.
11. Please produce all documents and other evidence reflecting any physical or mental disease, disability or disorder affecting any prospective government witness. This request includes hospital or other treatment records.
12. Please produce all documents and other evidence regarding any polygraph examinations administered to prospective government witnesses.

BRADY MATERIAL

13. To the extent not covered by another Request herein, please identify, by name and address, anyone the government knows to have relevant information regarding the facts of this case. We also request all relevant *Brady, Giglio, Agurs, Bagley, Kyles, Strickler* and *Banks* material.² This request includes any evidence that is exculpatory in nature or favorable to defendants, *i.e.*, evidence tending to negate guilt or mitigate punishment. By "evidence," we mean copies of all documents, statements or other evidence – including written summaries of oral statements and evidence – known or reasonably available from

² See *Giglio v. United States*, 405 U.S. 150 (1972); *United States v. Agurs*, 427 U.S. 97 (1976); *United States v. Bagley*, 473 U.S. 667 (1985); *Kyles v. Whitley*, 514 U.S. 419 (1995); *Strickler v. Greene*, 527 U.S. 263 (1999); *Banks v. Dretke*, 124 S. Ct. 1256 (2004).

investigating agents, witnesses or others interviewed during the investigation. In this regard, please disclose all records and information that may be helpful or useful in impeaching witness credibility, including evidence of prior misconduct. Identify, by name, address and telephone number, anyone who knows or may know of such favorable or exculpatory information, or who may help lead to its discovery. Absent some compelling reason to withhold this information, defendants request immediate disclosure to permit full exploration and exploitation. *See, e.g., Grant v. Alldredge*, 498 F.2d 376, 382 (2d Cir. 1974); *United States v. Coppa*, 267 F.3d 132 (2d Cir. 2001); *United States v. Gil*, 297 F.3d 93 (2d Cir. 2002); *United States v. Shvarts*, 90 F. Supp. 2d 219 (E.D.N.Y. 2000) (Glasser, J.).

14. Please provide copies of the following documents – federal, state or local – involving each prospective government witness and immediate family members: indictments, complaints, arrest records and reports, hearing transcripts or other charging instruments. Also provide records reflecting any federal, state or local disciplinary actions. Specify which counts or actions have been the subject of guilty pleas, convictions, dismissals or understandings to dismiss in the future. State when, and before which judicial officers, any guilty pleas were taken. If the prosecution does not have or cannot reasonably obtain such documents, provide sufficient information – including dates, places, charges and disposition – for the defense to identify them. List all other criminal proceedings in which any potential government witness either participated as a witness or was designated an aider and abettor or unindicted coconspirator. With respect to each prospective government witness and immediate family members, identify – to the extent not covered by Request 8 – all charges that could be, but have not been or may not be brought on account of the person's cooperation or for other equivalent reasons.
15. To the extent not covered by Request 8, include copies of all memoranda of understanding between the government and its witnesses, whether by way of letter to the witness's attorney or otherwise. Enumerate, by date and amount, all inducements, promises, payments, fees and agreements with or to any potential government witness. Provide all information that may bear on witness credibility, including (a) relationships with any federal, state or city agents or agencies and (b) any informant or other acts or services performed at the government's request or with its knowledge or acquiescence. This request embraces inducements, promises or benefits conferred on third parties – including spouses and other relatives – at the behest of any potential prosecution witness. List all requests, demands or complaints made by the witness to the government that arguably could be developed on cross-examination to demonstrate a hope or expectation of favorable action or treatment (whether or not the government has agreed to take any favorable action).
16. With respect to each prospective prosecution witness, provide copies of all medical, psychiatric and drug treatment records – and all other documents and information known or reasonably accessible to the government – that may arguably affect credibility, including the ability to perceive, recall or relate events. This request includes relevant documentary or other evidence – *e.g.*, hospital or other treatment records – suggesting

A.U.S.A. Joseph Lipton

- that any potential witness or immediate family member (a) suffers or suffered from physical or mental disease, disability or disorder or (b) used, depended on or was addicted to drugs or alcohol. This request also includes records reflecting treatment in any drug or detoxification program, whether federal, state, local, territorial, or military.
17. Provide all information tending to demonstrate (a) actual or arguable inconsistencies between statements made by a declarant himself or the declarant and others or (b) denial or lack of knowledge by a witness about the facts of this case or the guilt or innocence of defendants. This request includes any statements or documents – *e.g.*, grand jury and trial testimony – made or executed by any potential prosecution witness that the government knows, or reasonably should know, is false, misleading, or omits material facts. The law is clear that it is for the defense – not the prosecutor – to decide what evidence is exculpatory within *Brady*'s purview. Accordingly, any doubt as to an item's exculpatory value should be resolved in favor of disclosure.
 18. To the extent not covered by Requests 8 and 15, defendants seek to inspect and copy all documents, memoranda, agreements, contracts, *etc.* concerning promises of leniency or agreements of immunity – either *de facto* or statutory (*see, e.g.*, 18 U.S.C. § 6001 *et seq.*) – as to any person or entity connected to this case, which are (a) within the government's possession, custody or control and (b) known or reasonably may become known to government counsel.
 19. Defendants also request copies of all documents, agreements, memoranda, contracts, *etc.* reflecting monetary payments to, or the receipt of other things of value by, individuals or entities that assisted law enforcement, prosecutorial or administrative agencies – state, federal or otherwise – in connection with this case. These documents are sought for assistance provided in this case or any other.
 20. To the extent not covered by Requests 8, 15 and 18, please disclose the substance of any oral promises, inducements, agreements, *etc.* – contingent or otherwise – made by any state or federal law enforcement representative to/with any person or entity who either will testify in this case or is otherwise connected to it. In complying with this request, please ask all law enforcement agents connected to the case – including, *inter alia*, agents of the Federal Bureau of Investigation – whether any such oral (or written) promises, inducements, agreements, *etc.* have been extended.
 21. Please disclose any actions, promises or efforts – formal or informal – by any government agent to obtain benefits for any potential prosecution witness or immediate family members, or for any business entity employing the witness – as a director, trustee, partner, member or otherwise – or in which the witness holds stock. This request includes, but is not limited to, (a) letters informing anyone of the witness' cooperation; (b) recommendations concerning federal or state aid, benefits or tax matters; (c) recommendations concerning licensing, certification or registration; (d) promises to help advance, or not to jeopardize, a witness' business, professional or employment status; (e) aid or efforts in securing or maintaining, or promises not to jeopardize, business or

employment; (f) aid or efforts concerning a new identity for the witness and his family, and all other actions incident thereto; (g) direct monetary payments or subsidies to the witness and family; and (h) all other activities, efforts or promises similar or related to items (a)-(g) above.

22. To the extent not covered by Requests 19 and 21, please produce copies of all agreements, contracts, memoranda or other documents reflecting promises to aid, protect or relocate any individual or family member who assisted any law enforcement or administrative agency – state or federal – in connection with this case. These agreements are sought for information provided in this case or any other.
23. Please identify the name and date of birth of any confidential informant who provided information to the government that is inconsistent with the charges in the Indictment.
24. Please provide transcripts of all oral, radio, or wire communications intercepted by mechanical, electronic eavesdropping, or other device used in conjunction with, or relating to, this case that (a) are exculpatory in nature or favorable to defendants; (b) may be used by defendants to impeach the credibility of any witness the government intends to call at trial; or (c) are otherwise inconsistent with the charges in the Indictment.

SEARCH, SEIZURE AND RELATED MATERIAL

25. Defendants request the opportunity to inspect and copy all records, schedules, bills and other documents reflecting telephone calls, toll call records or telephone charges over any instrument in which defendants maintained a possessory interest or the government knew or believed they/he used, which are (a) within the government's possession, custody or control and (b) known, or with due diligence should be known, to government counsel.
 26. Please produce all applications (including supporting documents and exhibits), affidavits, testimony, inventories, and orders seeking, granting or denying judicial permission to physically search any person or premises relating to this case, which are (a) within the government's possession, custody or control and (b) known, or reasonably may become known, to government counsel.
 27.
